

Arel

The extensive Arel luminaire range is designed for offices and other public spaces. The luminaires are equipped with a matt anti-glare shield. Suspension or surface mounting. The standard range includes two colour temperatures and sizes. Integrated LED.

- Steel housing, matt aluminium anti-glare shield.
- White, RAL 9003.
- Protection class I.
- Linkable, 3 x 2,5 mm², Dali-versions 5 x 2,5 mm².
- Installation height 2–4 m.
- Integrated LED Downlight version: 19–58 W / 2150–6850 lm.
- Uplight and downlight version: 54–79 W / 5800–8800 lm.
- Colour temperatures 3000 K and 4000 K. CRI > 80 / Ra > 80.
- MacAdam 3 SDCM.
- IP20.
- The standard range includes on/off and Dali models.
- Ambient temperature range 0 ... 25 °C.
- Rated lifetime L70 100 000 h (Ta25°C).
- Rated lifetime L80 80 000 h (Ta25°C).
- Wire-suspension fixture 4107113 and 4146595 are available as an accessory as well as universal trail bracket D2ARKI.
- Power source service life 50 000 h.
- WH = white, DA = Dali, AL = aluminium, MA = matt.
- Also available: Casambi, ActiveAhead, Philips SR, 1–10 V and Switch Dim solutions. CRI > 90 available for order. Also available with various connecting cable solutions and a pull switch (on/off and Dali). High gloss anti-glare shield, luminous flux packages 1900–7200 lm and gray color, RAL9007, also available on request.
